

SITE PLAN TEMPLATE

REQUIREMENTS:

- Include **ALL** buildings on the property and their applicable sizes.
- Identify all **proposed buildings** on the property and their applicable sizes.
- Measurements/distances (in feet) **from** the property lines **to** all structures.
- Measurements/distances (in feet) **between ALL** structures.

Note this site plan does not need to be to scale, but shall be accurate. Failure to submit a detailed, well drawn site plan will leave the planning district no other option but to request a Building Location Certificate from a Certified Manitoba Land Surveyor.

— Represents your property lines
